

ITEM 637.060110M CELLULAR PHONE (RESIDENT ENGINEER)

DESCRIPTION

Under this item the CONTRACTOR shall furnish a portable cellular telephone with service, for exclusive use by the RESIDENT ENGINEER for the duration of the project.

MATERIALS

Portable cellular telephone shall be manufactured by Motorola, Inc. or an approved equivalent. The unit shall have an 832 channel capability, tone dialing and LED display. The size and weight of the unit shall be standard for normal field operations. Telephone batteries shall provide a minimum of 90 minutes of continuous power or 16 hours of continuous stand-by time before requiring charging.

The unit shall be provided with the following accessories:

- two additional batteries
- desk top charger
- automobile charger
- belt holster for the unit
- low profile antenna
- standard antenna

CONSTRUCTION DETAILS

The CONTRACTOR shall obtain and maintain telephone service for the unit, which is to provide unlimited local calls within the Monroe County area.

Portable cellular telephones shall be returned to the CONTRACTOR upon completion of the project.

METHOD OF MEASUREMENT

The quantity to be measured for payment shall be the number of months of service provided.

BASIS OF PAYMENT

The unit price bid shall include the cost of: furnishing one portable cellular telephone; payment of, obtaining, and maintenance of portable cellular telephone service with unlimited local calls within the Monroe County area; batteries and replacement batteries; and furnishing all labor, materials and equipment necessary to complete the work.

Payment will be made under:
